2. The Star Project Proposal for the Award of £1,500

The applicant should have a passion for contemporary textiles and the knowledge and skills needed to devise and lead **an inclusive and creative textile-based Star Project** for a group they know or plan to set up. The Star Project could take place online or live in an informal setting such as a village or religious hall, library or community center or gallery, school, college or adult education center, or in an outdoor setting.

Intention of the project: 500 words

Please address the following:

A title.

The intention, content and activities of the learning experience.

A profile and estimate of the number of participants who may come.

Location/ venue.

Expected duration and dates.

The materials/equipment and other resources required. *These could be listed as a separate item.*

Short CV. The applicant could be working on a free-lance or voluntary basis, or as a full-time or part-time qualified teacher. They must be a permanent resident in the UK

3. please address the following:

Recent experience relevant to the proposed textile-based Star Project.

Relevant qualifications.

4. Ten images

5 images to reflect work achieved by participants in projects previously devised and led by the applicant.

5 images to reflect the applicants own contemporary textile work or working practice.

We recommend using Dropbox or WeTransfer

Conditions. Please ensure that you have read points a – d before signing this document. The applicant is expected to agree to all four conditions.

- a. The award amount of £1,500 is to be used to deliver an inclusive and creative textile-based project. The applicant is expected to provide evidence of how the money has been used when submitting the digital Star Project Award report.
- b. To observe approved health and safety practice normally upheld within the learning activities wherever the education base is, including learning online from home. The applicant will be expected to undertake a risk assessment to cover all eventualities and to consider taking out Public Liability cover if needed.
- c. To follow good teaching principles both in the education base and when teaching online. The applicant should be aware of possible issues relating to the protection of children and vulnerable people and, if necessary, have current official clearance that might be required by the education base.
- d. To observe Data Protection regulations and obtain appropriate permissions when making a photographic record that includes Star Project participants and their work.

The Textile Study Group will observe data protection rules by crediting the applicant and those taking part as presented within the Star Project Award Report when this is used by the Textile Study Group online or in print media.

Reference: Name and contact details for an appropriate referee. Please seek their permission before giving their details.
